

We place a great emphasis on learning through play and direct practical experiences led by the interests of our children. Learning is organised so that the curriculum is delivered through a combination of adult led activities and continuous provision opportunities, encouraging children to develop their learning independently through discovery, exploration, curiosity and challenge.

We recognise that children have a thirst for new experiences and knowledge, and should be provided with opportunities to engage their inquisitive minds. Therefore, we provide stimulating and motivating continuous indoor and outdoor provision, that follow children's interests, to support learners in investigating and developing their skills.

Whilst the children's interests are at the heart of our curriculum, we ensure that we provide all pupils with a broad range of experiences and opportunities.

**Providing support for
life through compassion,
perseverance
and respect.**

Create an ethos of
curiosity where children are
confident to question.

Encourage
curiosity.

Help children
become effective
communicators.

Shape
independent
learners.

Promote a love
of learning.

Build resilience.

Encourage confident,
inquisitive and
happy learners.

Consider children's starting points.

Follow children's interests.

Inspire and excite
children.
